### **Well-Managed Classrooms Make for Positive Learning Experiences**

Providing a nurturing and stable learning environment for the children in our classrooms is a primary goal for every

early childhood educator. Effective classroom management depends on educators employing multiple skills and competencies. Educators use classroom management strategies to guide behavior, engage students, and facilitate learning. Effectively managing the classroom may be one of the most challenging and difficult skills an early childhood educator must master.

### **Classroom Management and Connection**

Storytime is a great way to teach the fundamental skills necessary to begin learning how to read. As classrooms have become more culturally diverse it is imperative that literacy experiences reach those children with different languages and cultures. We can use read-alouds as an opportunity to reach all our students.
